

Rule Review Schedule Summary
July 31, 2020
Subject to Change

Per statute¹ each principal department must conduct a review of its rules to assess the continuing need for, and the appropriateness and cost effectiveness of, its rules to determine if they should be continued in their current form, modified, or repealed.

Statute sets forth a list of considerations in conducting the review, including:

1. Whether the rule is necessary;
2. Whether the rule overlaps or duplicates other rules of the agency or with other federal, state, or local government rules;
3. Whether the rule is written in plain language and is easy to understand;
4. Whether the rule has achieved the desired intent and whether more or less regulation is necessary;
5. Whether the rule can be amended to give more flexibility, reduce regulatory burdens, or reduce unnecessary paperwork or steps while maintaining its benefits;
6. Whether the rule is implemented in an efficient and effective manner, including the requirements for the issuance of permits and licenses;
7. Whether a cost-benefit analysis was performed by the applicable rule making agency or official in the principal department pursuant to Section 24-4-103 (2.5); and
8. Whether the rule is adequate for the protection of the safety, health, and welfare of the state or its residents.

The Colorado Department of Revenue (CDOR) is committed to reviewing all rules on a 10 year recurring cycle to determine if the rule is still needed and if any amendments are necessary. Listed in this document are all CDOR divisions, boards, and commissions, and those rules subject to review. Please note in the numbering of rules, that several rules have been repealed or consolidated into other rules.

For more detailed information on past or upcoming schedule of rules, please consult the annual Regulatory Agenda, which details upcoming rulemaking activities, available on the CDOR website under “Statutorily Required Reports”: <https://www.colorado.gov/pacific/revenue/statutorily-required-reports>. Additional information can also be found in the annual Regulatory Agenda Report, which details rulemaking activities from the previous year, found on the same webpage.
